PERSONAL PROFILE

My name is Ammar, and I am a dedicated Front-End Developer with a passion for creating visually appealing and user-friendly websites. Since August 2023, I have been honing my skills in HTML, CSS, Tailwind CSS, JavaScript, and TypeScript, and I possess a foundational understanding of React.js and currently Learning Next.js. The Framework of React.js. I have successfully developed and deployed 10 websites, including real-world projects, demonstrating my ability to translate client needs into functional and attractive web applications. Currently, I am further expanding my expertise by taking a course in Generative AI Engineering, staying at the forefront of technological advancements. My commitment to continuous learning and self-driven projects exemplifies my proactive approach and dedication to the field of Full Stack development and Cloud Applied Engineering.
